

Press Release 21: Oltremare Championships is cancelled

We have unfortunately received a message from the organizer of the 6th Oltremare Championships, announcing the tournament to be cancelled.

The 6th Oltremare Championships was originally scheduled to be conducted on 14-22 November 2009 in Naples, Italy.

The cancellation happens despite rules and regulations for the tour, and even the tournament is cancelled, the organizer is still obliged to meet all financial claims with relevance to the tournament - both from players with a documented entry order and from ETBF.

It is therefore essential, that players with documented non refundable air fair tickets are contacting the organizer for a refunding of their expenses soonest possible.
